## on international multilateral conventions that Montenegro accessed or is in process of accessing

Immediately after the proclamation of independence of Montenegro (Decision on Proclamation of Independence of RMNE, Official Gazette of RMNE, no 36/06) the Ministry of Foreign Affairs of Montenegro undertook activities to determine the manner of taking over international multilateral conventions, agreements and protocols, which the State Union of Serbia and Montenegro accessed, and which Montenegro has interest to access.

In the first phase, the Ministry of Foreign Affairs commenced the procedure for accessing to relevant multilateral documents (which are mainly the precondition for membership in relevant organizations) mostly upon the initiative by the competent line ministry or upon the consultations with several competent institutions (e.g. WHO, IMO, IOM and the like).

In the second phase the procedure for accessing to relevant multilateral conventions deposited with the UN Secretary General was initiated, which contracting party or signor also was the State Union of Serbia and Montenegro i.e. FRY.

In the third phase the procedure was initiated for accessing to multilateral conventions which depositories are individual countries. Response is expected from ministries of foreign affairs of larger countries depositories (USA<sup>1</sup>, Canada, France, Sweden, Denmark<sup>2</sup>, Austria, Germany<sup>3</sup>, Italy, China, Portugal<sup>4</sup>, Spain and Japan<sup>5</sup>), based on whose lists the MFA will initiate the procedure of accessing to conventions which member used to be the SMNE, after the consultations with line ministries. So far the procedure has been completed for accessing to the conventions deposited in Great Britain and Russia.
